

NICOLA DUDZIŃSKI

JUNIOR DATA ANALYTICS ENGINEER

nicola.dudzinski@gmail.com

Wrocław

linkedin.com/in/nicola-dudzinski

TECH SKILLS

- Microsoft Excel – Advanced
- SQL, Python – Intermediate
- Basic knowledge of Tableau, PowerBI, VBA, R, GIS
- MS Office (Word, Access, PowerPoint)

SOFT SKILLS

- Problem-solving
- Prioritization
- Strong organizational skills
- Teamwork
- Accuracy and attention to detail
- English B2+
- Native Polish speaker

COURSES AND CERTIFICATIONS

- Google Data Analytics Professional Certificate
- SQL Associate by DataCamp
- SQL Basics for Data Science
Specialization: SQL for Data Science
- Data Analyst with R
- Basic Statistics

EXPERIENCE

DATA ANALYTICS ENGINEERING TRAINEE

10.2024 – Present, EPAM Systems, Inc.

- Designing and modeling database structures
- Configuration and management of relational database systems using PostgreSQL
- Developing advanced SQL queries for data analysis and decision-making
- Designing and creating OLTP and OLAP databases
- Practical use of PL/pgSQL for database work

PROJECT MANAGER

05.2020 - 01.2024 TG PLUS Sp. z o.o.

- Analyzing and visualizing data for decision-making processes
- Identifying needs and building relationships with key stakeholders
- Analyzing and calculating project costs
- Coordinating the work of implementation teams
- Managing technical and financial documentation
- Reporting on project progress
- Preparing cost estimates and technical project designs

EDUCATION

POSTGRADUATE STUDIES

2024 – 2025, Wrocław University of Economics
Data Science: Advanced Data Analytics

MASTER'S DEGREE

2018 – 2020, Warsaw University of Technology, Environmental Engineering
Thesis topic: "Effective numerical methods for solving hyperbolic partial differential equations describing the transient gas flow"
Graduated with honors

ENGINEER

2014 – 2018, SGGW (Warsaw University of Life Sciences), Environmental Engineering
Thesis topic: "Analysis of the capacity of dock gates subjected to variable water flows in hydro-engineering systems"
